

Student Announcements for Thursday, March 16, 2023

Today's quote of the day is – [The true secret of happiness lies in taking a genuine interest in all the details of daily life.](#) – William Morris

Meeting today

MSA Club – Room C228 after school
Art Club – Room A109 after school
BioExplorations – Room H256 at 2:20

Are you interested in helping your community, fundraising for local charities, or improving your leadership skills? Then the Wildcat Collective is the perfect club for you. Together we work to raise money to support the community by choosing a new local charity to support each month. We meet every other Monday starting on March 20th in room H264 at 2:20. If you have any questions, please see Michaela Bathan or Mr. Kupka. We hope to see you there!

Attention all juniors and seniors: The ASVAB test is being offered here at Central on Friday, March 24th from 7-10am. The ASVAB measures one's natural skills in 8 different areas and is a great way to find out one's area of strengths, and how these areas of strength can potentially relate to rewarding careers. While this completely free test is the entrance test that the U.S. military uses, there is absolutely no military commitment whatsoever by taking this test. Signup is until March 23rd in Student Services.

Seniors who have joined the military. See Mrs. Rahn in the main office so we can recognize you at graduation.
