

Hello Parents/Guardians!

My name is Veronica Zavod and I am Bridget Taylor's Dance student teacher in your child's ***Dance 1/Life Skills/ Recreation*** class. I will be in the classroom from Sep. 18th to December 15th of this year.

I am finishing my degree at Illinois State University and graduating with a High School Dance Education and Math Education degree. I previously student taught at Lemont High School for Math Education and helped their after school dance program as well. I hope to bring new experiences and knowledge to the children as well as learning from them! While student teaching, I am required to videotape one class for educational purposes only. If your child is in the class that will be videotaped, there will be a waiver form sent home with specific details about the video I will be recording and what it is educational purpose is.

I am grateful to be working with Ms. Taylor along with your child this semester! If you have any questions or concerns throughout the semester, feel free to contact me by email, which is vrzavod@ilstu.edu. Thank you in advance for this opportunity to work with and assist in your child's academic development!

Sincerely,
Veronica Zavod
