

Arch I

Sample House Renovation

Current square footage = 655

You may add up to 300 square feet of additional space

- 3 interior changes required –
- Changing sizes of rooms is NOT an interior change, although you will likely change sizes
- 3 Exterior shape changes required –
- You must create two new hatch patterns on your own and use on your house
- Doors and windows There are 12 windows or doors on the house → you must CHANGE 9 or more → Adding additional counts as a CHANGE
- A site plan will be provided
- All required sheets from Lakehouse project required
- Compose response paper summarizing design program for your house 1 page minimum

Site requirements

Lot Size = 45'w x 100' deep

Lots 16, 17, 18, & 19 = 55'w x 70' deep

Setback = 6' from side lines, 30' from curb

See plat next page

Article to read then share your design program and how it relates to pocket neighborhoods
